KALAAPALOOZA

It is a celebration of creativity, innovation, and the transformative power of design! Each year, this event brings together a vibrant community of interior designers, architects, and enthusiasts where our students showcase their talent and passion for shaping spaces. At the heart of our festival lies the belief that interior design is more than just aesthetics—it's about creating environments that inspire, comfort, and reflect the unique identities of those who inhabit them.

Through a diverse array of exhibitions, workshops, and interactive sessions, to explore the latest trends, techniques, and ideas that define modern interior design.

DÉFILÉ DE MODE SEASON 1

"Défilé de Mode" is an annual fashion extravaganza that showcases the creative talents of budding designers. This event serves as a platform for students to present their innovative fashion collections, blending traditional aesthetics with modern trends. Each year, the show embraces a unique theme, reflecting the latest in fashion culture and design philosophy. Through "Défilé de Mode," the institute fosters creativity, collaboration, and professionalism, offering a real-world glimpse into the competitive world of fashion design.

REVIEWS

An amazing journey from the start till the end. When i saw this course it sounded like it covered everything I wanted.

NSAM has been of great help in shaping me as a designer and my person and technical skills.

I see my designing skills, creativity and professionalism increase day by day. It is a great learning experience at NSAM with experienced and well - informed faculty members as our mentor.

One of the best decision i made. It was an enriching experience in which I gained a different perspective into the fashion industry.

NSAM much more than just a fashion institute. It is a holistic unique experience in the city of lights. You also granted access to internships that are normally very hard to get.

NSAM taught me great things in life and in the fashion industry, it has helped me build a strong friendship and connection.

I had a wonderful experience at NSAM academy. I learned so much and had the best time. The teachers were great and helpful.

The program is innovative in terms of teaching you about new technologies, sustainable architecture and proving you knowledge of advanced modeling techniques and software skills.
